

ROLL UP BANNERS ASSEMBLY INSTRUCTIONS

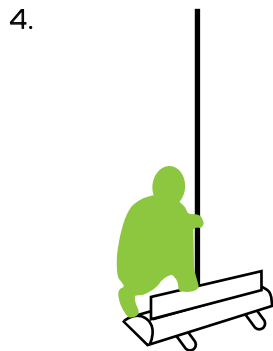

Remove the 3 part pole and unit base from the bag, and remove the pin from the device.

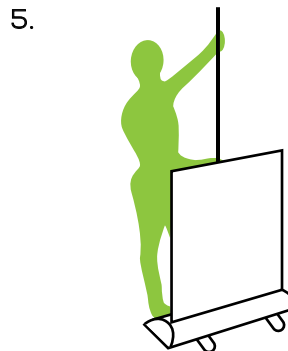

Assemble the 3 part pole.

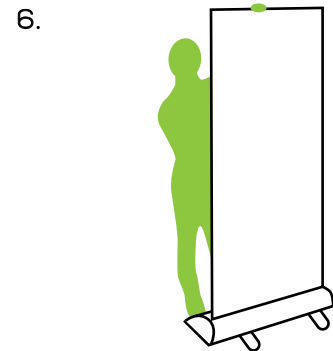

Swing the base feet 90° and insert the pole in the unit's hole.

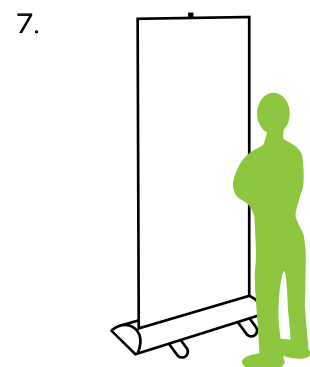

Place your foot down on the unit base to keep it steady and very gently pull out the banner.

With one hand hold onto the banner's top rail and with the other hold the pole.

Attach the top rail to the pole.

IMPORTANT

To dismantle the device, repeat the above steps, in reverse (steps 5 to 1) and do not forget to put back the pin. If this step is ignored, the device's spring might get damaged.
